About Fractal

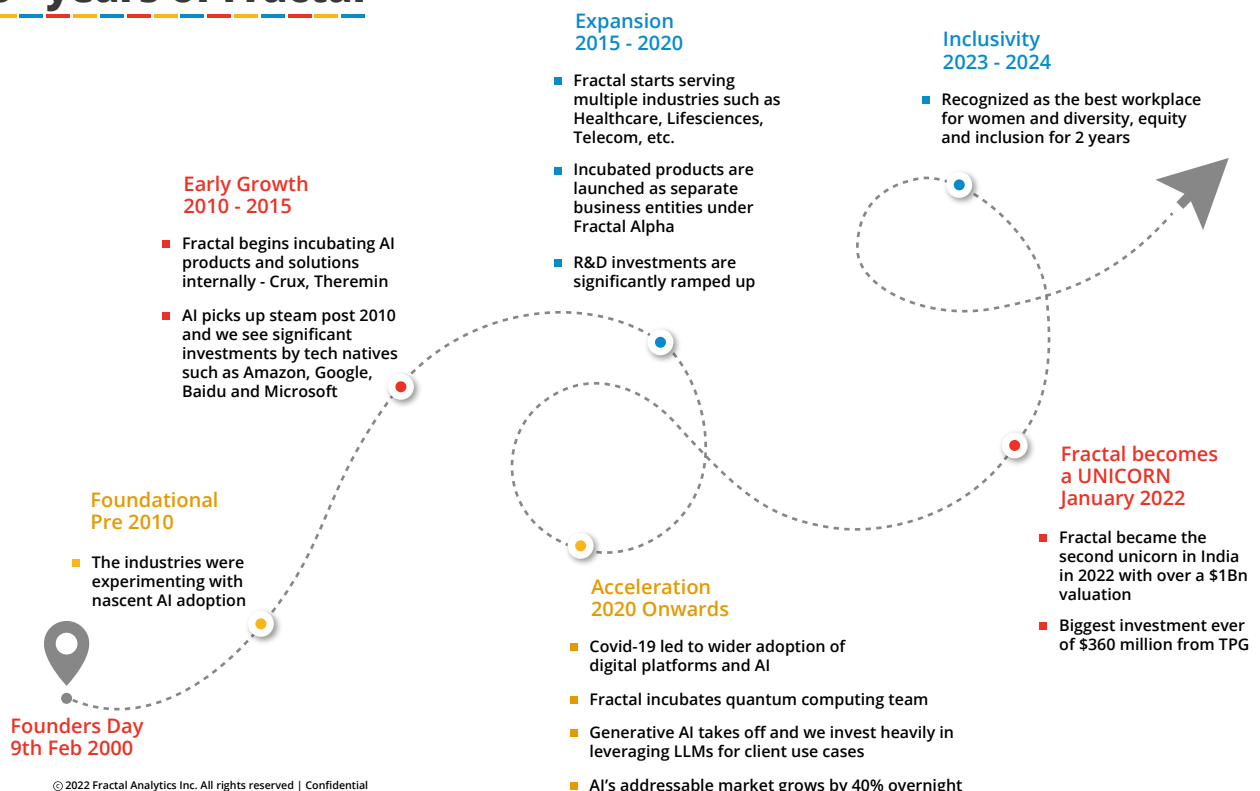

Fractal is one of the most **prominent providers of Artificial Intelligence to Fortune 500® companies**. Our vision is to power every human decision in the enterprise, and bring **AI, Engineering, and Design (AED)** to help the world's most admired companies.

Founded in 2000, we have traversed a significant journey from being founded by six classmates from Indian Institute of Management to raising capital to **becoming a unicorn in 2022**. In our founding years, **we were pioneers, not just in India but globally**. With AI gaining momentum post-2010, we nurtured innovation by incubating AI startups internally.

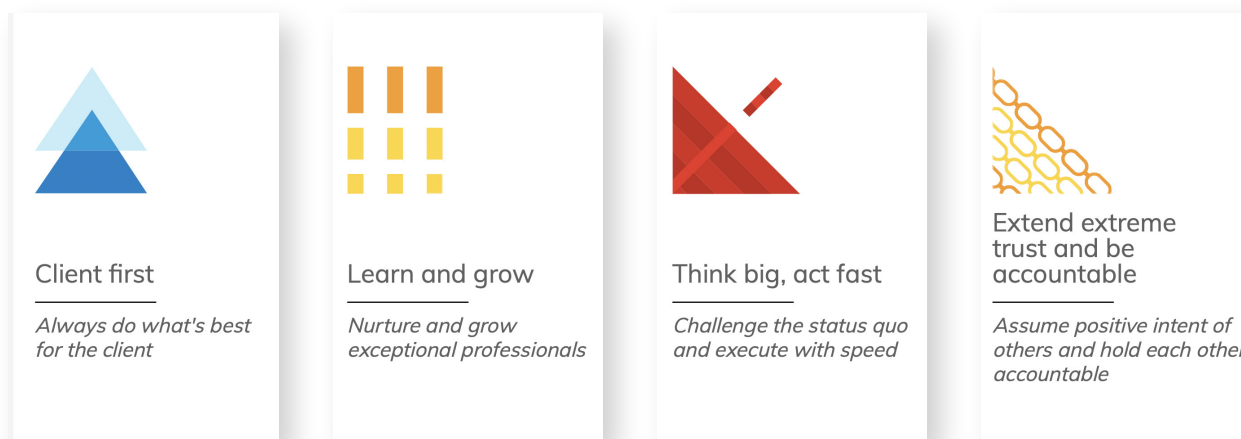

The **expansion phase** was a game-changer. Fractal began serving various industries, launching incubated products as separate businesses, and amping up R&D investments. We didn't just grow; we **diversified and strengthened our roots**. Our journey reached an **acceleration point** when the Covid pandemic ignited a surge in digital adoption. AI and analytics became vital for Fortune 500 companies, shaping our strategic focus in 2020, we kickstarted quantum computing endeavors in 2021, and towards the end of 2022 leaped into generative AI. With LLMs coming in, our addressable market expanded by an astounding 40% overnight.

25+ years of Fractal

Our **Values** form the pillars that define and shape a unique environment. They help us ensure consistency in our actions, ensure new Fractalites are in sync with the Fractal Way of Working.

External Recognition

In **2025**, Fractal reached significant milestones:

- Recognised by **Great Place To Work®** as one of the **Top 50 Best Workplaces™** for Women for the **fifth consecutive year**
- Certified among the **Top 25 Best Workplaces™ for Diversity, Equity, Inclusion, and Belonging**, for the third consecutive year
- Honoured by **Glassdoor** as one of the **Top 50 Best-Led Companies**
- Named **Best Workplace of the Year** by **Entrepreneur India**
- Recognised by **Analytics India Magazine** among the **Best Firms for Women in Tech**

These accolades underscore our dedication to building a culture where diversity thrives, leadership inspires, and every individual feels valued. These recognitions are a testament to the strength of our people and our shared vision for an inclusive future, as we look to build Fractal for the next 100 years.

We have an Employee Assistance Program (EAP) in association with 1to1help.net.

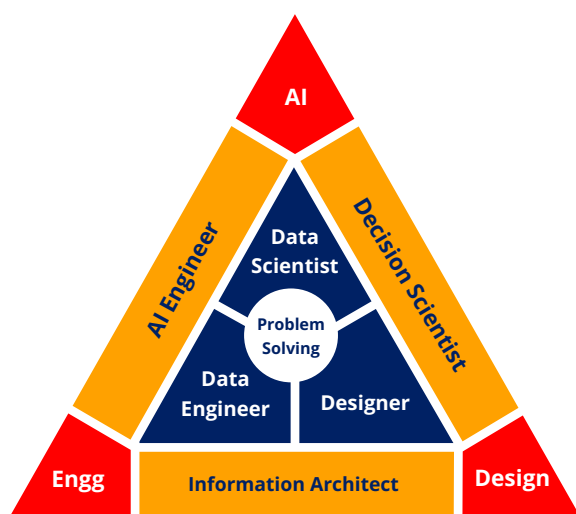

Wellness Workshops: Fractal is committed to creating an environment where people feel cared for. This means caring for the mental and physical well-being of Fractalites and their families. Our well-being calendar is intentionally diversified across Social, Financial, Mental and Physical well-being that fit into our everyday life. We run webinars, programs and campaigns that enable your everyday. All Fractalites are invited to attend these workshops that happen through the year.

Career @Fractal

Learning & Development: With Learn & Grow, being one of our Core Values, Fractal invests deeply in building wide, diverse avenues of learning across Technical, Domain and Leadership Skills. All learning avenues and programs are completely accessible by all Fractalites without any manager approvals. With an annual average learning hours per person of over 55 hours, learning has been a key differentiator for us since the rate of disruption in the technology, digitization and Artificial Intelligence space makes skill development a key pillar of our business success.

- **Fractal Analytics Academy (FAA):** FAA champions technical and domain capability building at Fractal. Bringing the Fractal Career Grid to life, FAA curates blended learning courses and certification programs across the Career Grid.

Career grid 2.0 has SIX career tracks for scaled problem solving

3 super - specialized career tracks of Data Scientist, Data Engineer and Designer

3 dual-speciality career tracks of AI Engineer, Information Architect and Decision Scientist

- **Leadership Development Architecture:** In addition to technical/ domain skills, we have built a comprehensive Leadership Development Architecture on the bedrock of our Values, People Principles and Leadership Competencies.

Career Mobility & Development: Our People Mobility policy is designed to enable a systematic and planned movement of Fractalites across projects and roles based on their requests and the overall organizational need. Fractalites can move to a new role at the six-month mark, which is a unique option available at Fractal as compared to industry norms. The individual should have spent minimum 6 months on the project and provided 2 months' notice. No approval is required from either the Project or Reporting Manager to apply for new roles.

Talent Scaling Programs: Our Imagineers, **ReBOOT** and **CrossOver programs** are excellent examples of how we hire for Fractal First.

- **Imagineer Program** is our flagship campus hiring initiative that is set out to make young professional business ready. The program's emphasis is on applying skills towards solving real business problems, not simply on learning them.
- **ReBOOT** is Fractal's gender agnostic back to workforce program for professionals who have been on a break and are looking to restart their career journey.
- Our **CrossOver program** enables us to hire coachable talent, train them on the required skills and make them ready for the ever-changing AI / analytics space.

Brandon Hall Group (the largest and longest running awards program in Human Capital Management) has awarded the **Silver for Best New Hire On-boarding Program, 2023 for our Imagineers Program** and the **Gold for Best Hybrid Learning Program, 2023 for our Crossover Program**.

RISE (Reimagining Inclusion for Social Equity): India's Premier LGBT+ Talent Job Fair organized by Pride Circle, RISE is about creating Better Opportunities and more Inclusive Workplaces for LGBT+ Talent. We as Fractal participated in this Job Fair, to show our support and explore the potential to hire LGBT+ talent through this channel as it gives us access to vast pool of talent through virtual setup and authentic pre-screen resumes and candidates profiles who are part of the PRIDE community. As we continue to build a **Fractal for ALL**, we truly believe "**Every Hue Belongs Here**" -and no one should ever have to choose between a rewarding career and their authentic self.

Culture @Fractal

The Big Flex: Self-governance is key to life at Fractal. We place extreme trust in each other and extend all the flexibility you need. We continue to work in a hybrid work environment where Fractalites are expected to be in office any 2 days in a week. Flexitime has been Fractal's policy and way of life since 2014 and we continue to encourage it to enable a better work-life balance.

Free Meals: Great work nourishes your soul, but you do need great food to nourish your body. At Fractal, we make sure you lack neither. You can enjoy free breakfast, lunch and snacks across our offices.

Hassle-free Reimbursements: Reimbursements are a breeze. We enable a stress-free work environment and promise a hassle free, no approval reimbursement process for valid expenses upto pre-defined limits. These include reimbursements for mobile bills, internet charges and purchase of IT accessories.

Reward & Recognition: We are committed to recognizing and rewarding good work and great efforts. We have multiple recognition programs across organization and team levels such as Star Awards, Milestone Awards, Spot Awards to name a few.

Bring Your Own Device (BYOD): Through Fractal's friendly BYOD policy, you may choose to buy your preferred laptop. You should be able to use a work device of your choice and provided the minimum criterion is met, you can use a device that helps you work best. Your device will be setup with our cutting-edge IT protocols so that you have a secure work environment always.

You could also purchase your Fractal device as a personal asset, 4 years after procuring it through the optional Laptop Buyback Policy.

Open Conversations: Transparency is one of the cornerstones of our work culture. We conduct fortnightly townhalls sessions where our leadership team respond to questions from Fractalites on work, culture, wellness, and beyond. Another way we follow the principle of transparency is by publishing salary ranges to all Fractalites. We make a conscious decision to keep information open and accessible to all.

Information at your fingertips: Fractal's in-house BOT is called Dexter, which ensures that all information is available to Fractalites at their finger tips. Recently, Dexter has also been integrated with ChatGPT – allowing it to have meaningful conversations with Fractalites and help problem solve in a safe environment.

Fractal for all: We are committed to building a Fractal for ALL, by fostering a culture where everyone can experience a sense of belonging in the workplace and are empowered to live their full potential. We are actively working to implement policies, systems, and practices that will strengthen and reinforce our culture of inclusion. At Fractal, diversity is the fuel that drives our continuous journey toward innovation and growth. Our commitment to allyship drives us to create equitable communities where everyone thrives, irrespective of identity, views, or values.
